

Holiday Veterinary Care Program

Our aim at AMS is to provide uncompromising excellence in veterinary care & client service.

During holiday periods we are often faced with the difficult task of trying to decide what level of care a patient may need when the owner is away or unavailable

The form below is for clients who may be leaving their animals with a pet minder or carer while they are on holidays. The form helps us contact you in the event of accident or illness. It also provides peace of mind that veterinary care, at the level you desire, will be provided.

For owners who decide against making prior arrangements with us while on holidays, please advise your pet carer in the case of veterinary care that payment for treatments are needed at time of consultation
